

# THE GREAT IMAGE

## Daniel 2:29-49

### Introduction

King Nebuchadnezzar made Babylon into a powerful empire that ruled over many countries, including the land of the Jews. When he was thinking about future events before going to sleep, God gave him a dream about the future of several kingdoms (2:29) beginning with his kingdom, followed by three other kingdoms. All four kingdoms would rule over the Jews during the “times of the Gentiles.” These times would span the time from the rule of Nebuchadnezzar to that of Antichrist. Finally, God revealed the future of His Kingdom that would last forever. In this lesson Daniel tells the king what he dreamed, which was the first requirement of King Nebuchadnezzar; then he gave the interpretation of the dream to him.
