1. The Lord told Hezekiah that he should set his house in order for he would die and 13-D live. (20:1)

6. What happened to Hezekiah? He 6-D. (20:7)
7. What *did* the Lord give to Hezekiah to prove He was going to heal him? 11-D (20:8-9)
8. Hezekiah was given a choice of what kind of a miracle he wanted to see: whether the shadow on the sun dial should move ahead or move backward. He thought it would be easy for God to force the shadow to go down ten degrees, but it would be hard to make it go backward 14-A degrees. (20:10)
9. God performed that miracle. In Jeremiah 32:27 this question is asked, "I 2-A the 8-A, the God of 5-D flesh: is there 7-A thing too hard for Me?"
